SUSTAINABILITY

By 2030, we are committed to double our investment in social impact and cut our environmental footprint in half through responsible hospitality across our value chain.

CARBON NEUTRAL MEETINGS

Hilton is pleased to provide a collaborative and innovative approach to help you achieve your environmental sustainability goals as you plan events. Ensure on-property sustainable meeting practices such as reducing plastic, paper, water, waste and energy

Ask our team to calculate the environment footprint of your group / event in our property and evaluate the possibilities to offset the impact towards environmental projects around the globe

MEETING IMPACT CALCULATOR

Our LightStay Meeting Impact Calculator report generates a customized estimate of your event's environmental impact, using the hotel's consumption data to project the total carbon emissions, energy use, water, and waste for your event.

The customized forecast is created pre-event and provides you with suggestions to reduce your event's projected carbon footprint. The post-event report provides an itemized measurement of the event's overall impact.
